

MISSION STATEMENT

The Westmont Fire Department exists to meet the needs created by a wide variety of crisis situations that demand a quick, efficient and professional emergency response. We strive to provide the highest quality service to the citizens within our jurisdiction while maximizing the productivity of our staff and reducing costs whenever possible.

We will do as much as we can within the limitations of our resources to protect lives and property and limit the degree of human suffering when called to emergencies, including:

- Fires and Explosions
- Acts of Terrorism
- Medical Emergencies
- Vehicle Accident Extrications
- Fire and Carbon Monoxide Alarm Activations
- Confined Space, High Angle, and Other Technical Rescues
- Hazardous Materials Incidents
- Water / Dive Team Rescues

It is through our prevention, education and training efforts that we strive to prevent, prepare for, or otherwise limit the extent of any fire or other emergency through:

- Fire Prevention / Public Education Programs
- Cause and Origin Investigations
- CPR and First Aid Training
- Emergency Management Agency
- Disaster Planning and Emergency Weather Warning

With the assistance of the
Citizens Clerical Volunteers,
the Westmont Fire
Department is able to offer the
highest level of service.

Recipient of a 2003
